## KARSTEN CREEK MEMBERSHIP ABOUT THE COURSE

In the 1970's, Mike Holder envisioned a sanctuary for college golf. After many years of planning and fundraising, the pieces were finally in place to create what is now Karsten Creek. With the talents of renowned golf course designer Tom Fazio, one of the most challenging golf courses in the country was born. On May 9th, 1994, the course opened, and was named the "Best New Course" in the country by Golf Digest. The zoysia fairways were cut from a forest of oaks and black jacks, complemented by an undulating terrain that flows through the course. The back nine cascades around the 110 acre Lake Louise that is featured on the finishing holes. Complementing the course are the clubhouse, three multi-level guest lodges, and state of the art practice and teaching facilities.

Karsten Creek was so named to honor the late Karsten Solheim, founder of Karsten Manufacturing (PING), and Lake Louise honors his wife. The Solheim's support of OSU golf has been instrumental in the success of the golf program. As the home of the Oklahoma State Men's and Women's golf programs, the course is kept in a challenging condition, allowing team members to maintain their competitive edge.

## KARSTEN CREEK MEMBERSHIP EXPECTATIONS

- Tee times are strongly encouraged, especially during peak times.
- The first tee time is 8:00 a.m. or at the discretion of the Superintendent.
